# MORE REASONS TO GO ELECTRIC

- ◆ **PERFECT LOCAL CAR:** 90% of most people's trips are less than 30 miles. The Leaf's 150 miles per charge is five times more than needed for most travel about town.
- ◆ **CONVENIENT:** Plug into a regular electric outlet at night, drive all day!
- ◆ **FREE Level 2 CHARGING Station:** Get a faster 220 volt charger with your purchase. Have your own electrician install it, or choose the dealer's installation option.
- ◆ **ConEd CASH INCENTIVES:** The utility will pay you \$150 when you sign up, and *an additional \$200-\$400 per year to charge at night!* (even if you live elsewhere, you can still participate, as long as you charge once a month in ConEd territory)
- ◆ **2 YEARS FREE PUBLIC CHARGING:** Receive a Nissan fuel card at time of purchase.
- ◆ **2 YEARS FREE TOWING:** Nissan will tow you to the nearest charging station if you run short on your charge.
- ◆ **FINANCIALLY PRUDENT:** Driving an EV costs 50% LESS per mile than most gas cars. (*Save even more with Solarize or Westchester Power*).
- ◆ **MINIMAL MAINTENANCE:** Instead of the 2,000 moving parts in a gas car—*an EV has about 20! No more oil or transmission fluid changes—EVER!*
- ◆ **SUSTAINABLE:** No emissions, no dirty gas, and less greenhouse gases.
- ◆ **HEALTHY:** Breathe easier with zero tailpipe emissions.
- ◆ **DOING YOUR PART!** Show your kids & neighbors how you are helping create a cleaner, more sustainable future.
- ◆ **TRENDY:** It took the world 20 years to get the 1st million EVs on the road - *but only 18 months for the 2nd million, and only 8 months for the 3rd.* **EVs are coming - fast!**

**MOST of the time:** *just charge overnight  
in your garage for all your local needs.*

**You can also take advantage of  
100+ EV charging stations in Westchester**
