

Solar. Simple. Together.

Solarize Greenburgh

This program is now CLOSED.

Solarize Greenburgh is a unique discount buying program that uses a tiered-pricing structure, town-supported education and outreach, and a competitively selected installer to offer quality solar electric systems to homeowners and commercial property owners at a reduced cost. **This program is available to commercial property owners in Unincorporated Greenburgh. Due to the tremendous response to the Solarize Greenburgh program (nearly 250 homeowners have expressed interest to date), the program is no longer accepting new inquiries from homeowners. The Solarize Greenburgh program is still open to new inquiries from commercial property owners until July 31.**

If you would like to find out if your **commercial** property is right for solar, just click the blue button.

“The Town of Greenburgh is excited to launch the 2017 Solarize Greenburgh Campaign. This initiative is a continuation of the Town’s commitment to sustainability and offers residents and businesses a great opportunity to lower their utility costs.”

–Supervisor Paul Feiner, Town of Greenburgh

Upcoming Events

This program is now closed.

How Solarize Works

1. Schedule a no obligation site visit to see if your home is right for solar.
2. Get your discounted solar installation price quote.
3. Sign a contract to have your new solar panels installed.
4. Save on your monthly electric bill for years to come.
