

Solar. Simple. Together.

Solarize Larchmont-Mamaroneck

*Thank you for your interest in Solarize Larchmont-Mamaroneck. This program is now **CLOSED** for Residential (home) contracts. Commercial (includes Business, Multi-family Residential with more than 4 units, Non-profit and Institutional properties) contracts may be signed until August 31, 2015; please contact the selected Commercial installer listed to the right.*

If you have any questions about Solarize Westchester's past or current programs, please contact Nina Orville at nina@abundantefficiency.com.

Solarize Larchmont-Mamaroneck is a unique discount buying program that uses a tiered-pricing structure, town-supported education and outreach and one competitively selected installer to dramatically reduce the cost of solar. The more residents sign up for Solarize, the more the cost comes down. The Residential portion of this program ended June 22, 2015.

“Improving sustainability and energy savings are important priorities for the Town of Mamaroneck which makes the Solarize program so exciting. We look forward to helping residents implement solar strategies to reduce their energy costs and reduce greenhouse gases for our region.”

—Supervisor Nancy Seligson, Town of Mamaroneck

“Village residents now can look into solar power for their homes not only for the benefits it brings our environment but also for the energy savings. This initiative makes solar power a reasonable and understandable alternative for our residents. The Village heartily endorses it.”

—Mayor Anne McAndrews, Village of Larchmont

“The Village of Mamaroneck is a leader in environmental sustainability and continuing improvement for today’s community and our children’s future. We are proud to join the Solarize Westchester campaign and continue our quest for an improved and

better 21st century.”

—Mayor Norman S. Rosenblum, Village of Mamaroneck

Upcoming Events

This program is now closed.

How Solarize Works

1. Schedule a no obligation site visit to see if your home is right for solar.
2. Get your discounted solar installation price quote.
3. Sign a contract to have your new solar panels installed.
4. Save on your monthly electric bill for years to come.
