

**SUSTAINABLE
WESTCHESTER**

CELEBRATE *DRIVE* ELECTRIC ALL MONTH!

Come along for the ride with Sustainable Westchester as we celebrate all things electric vehicles! We have an exciting month of activities planned and a virtual event in celebration of Drive Electric Week!

DRIVE ELECTRIC VIRTUAL EVENT: RIDE ALONG WITH SUSTAINABLE WESTCHESTER

September 27th – 11 AM to 1 PM

Where & Register: MEET ON ZOOM

Register here: [Ride Along with Sustainable Westchester](#)

Electric vehicle veteran enthusiasts, newbies & “to be’s” will learn from other owners about the pros (and challenges of EVs). Join us and our co-hosts Sustainable Hudson Valley and New York League of Conservation Voters to hear about what’s trending, what’s to come, what’s hot and get the scoop on the used EV market! Not to mention deals, discounts, incentives & rebates – making it possible for everyone to afford an EV. You’ll also get “charged up” once you learn what’s coming in charging stations, too!

Want to share your stories & experiences? We want to hear from you that day or before! Share a short video (1-2 minutes) with us at marketing@sustainablewestchester.org and we will include you in the event or just grab the mic that day and talk EVs!

Have questions? Want more information or have a great idea to share, contact Seth Leitman, Program Director at seth@sustainablewestchester.org.

RIDE SHOTGUN ALL MONTH LONG

Check out all things electric vehicles via our site (www.sustainablewestchester.org) and our Sustainable Westchester social media pages for news, information, testimonials, books, videos & more. Learn about predictions, discounts, the dealer experience & the benefits of going electric. You’ll be in the driver’s seat and ready to hit the road by month’s end.
